S-Satisfactory

NI-Needs Improvement

U-Unsatisfactory

NR-Not Responding To Training

N/A-Not Applicable

	S	NI	U	NR	N/A
Visually identifies/inspects all equipment carried on apparatus					
Correctly identifies/inspects/operates chain saw					
Correctly identifies/inspects/operates circular saw					
Correctly identifies/inspects/operates PPV fan					
Correctly identifies/inspects/operates extrication tool hydraulic power plant					
Correctly identifies/inspects/operates cutters/spreaders/ram					
Correctly identifies/inspects/operates thermal imaging camera					
Correctly identifies/inspects/operates multi-gas detector					
Correctly identifies/inspects/operates apparatus generator					
Correctly identifies/inspects/operates apparatus fixed lighting system					
Correctly identifies/inspects/operates portable lighting system					
Correctly identifies/inspects hand tools					
Correctly identifies/inspects apparatus ground ladders					
Correctly identifies/inspects hose loads					
Correctly identifies/inspects hose appliances and adaptors					
Correctly identifies/inspects/operates flashlights					
Correctly identifies/completes apparatus documentation					
Correctly inspects apparatus for damage/cleanliness					
Correctly inspects apparatus tires for wear and pressure					
Correctly identifies/inspects/operates SCBA's carried on apparatus					
Correctly visually inspects apparatus foam tank level					
Correctly identifies/inspects/operates apparatus extinguishers					
Correctly identifies/inspects/operates apparatus EMS equipment					
Correctly identifies/inspects/operates apparatus emergency lighting and siren					
Correctly identifies/inspects/operates apparatus operating lighting (headlights, tail lights, etc.)					
Correctly identifies/inspects apparatus fuel level and card is present					
Correctly visually inspects apparatus water tank level and performs pump test					
Correctly tests apparatus air brake system					
Correctly identifies/inspects gas can levels and mix percentages					
Correctly identifies/inspects Knox key for integrity					
Correctly identifies/inspects clipboard for necessary departmental forms
